If you use your Comdata Card outside the United States, or if you obtain funds (or make a purchase) in a currency other than US Dollars (the currency in which your Comdata Card is issued), then the amount deducted from your funds will be converted into US Dollars by the card network. The card network will charge a cross-border fee of .08% and currency conversion fee of .02% (for a total fee of 1% of the transaction amount) to be included in the transaction amount. This card network cross border and currency conversion charge is independent of and in addition to any international fee indicated in the Comdata Fees above. You will not earn interest on your funds.
